## Steering and Suspension

---

For a balanced, stable and a joyous ride, you will need good steering and suspension services. If your wheels are not firmly intact with the ground or keeps faltering to one side, you might want to pay us a visit at our suspension repair shop for your car suspension repair. Our highly trained staff will check your car and decide what further actions to take and offer you any additional advice. We are highly focused on quality services for your car's problems. Other reasons why you should get your car for service are:

- The car is fairly unstable
- You experiencing difficulties navigating around corners
- Uneven wear and tear on the tires
- Suspicious noises on rough terrains

In case of either of these, remember to the answer to that “where do i go for a suspension repair near me?” question is always iAUTOHAUS BOSCH Authorized Service Center.

## Drivetrain Repair

---

All types of cars requires servicing because they all send their power from the engine to the wheels by the drivetrain. The driveshaft and axle are some of its components and some of these bearings and gears cannot last long, therefore repair work is necessary at one point depending on the car type. Lubrication is never enough although it keeps the gears in friction free states and in good condition. The axle too breaks and cracks as it ages. ***At iAUTOHAUS BOSCH Authorized Service Centre, we re-install new quality joint replacements and fixtures. We guarantee extended services and durability from any installs on your luxury car.***

## Drivetrain and Suspension Repair Estimate

---

***We offer affordable rates for all models and guarantee you quality.*** Struts or shock absorber replacements cost vary based on the model and the year of manufacture. The costs also depend with the type of vehicle, with luxurious vehicle attraction a higher cost.
